

A NEW RESPITE HOME. A MORE PERSONAL APPROACH.

Matched to a person. Not just a place.

NDIS Short-Term Accommodation (STA) in Beaconsfield, Mackay.
A familiar relationship at the heart of every stay.

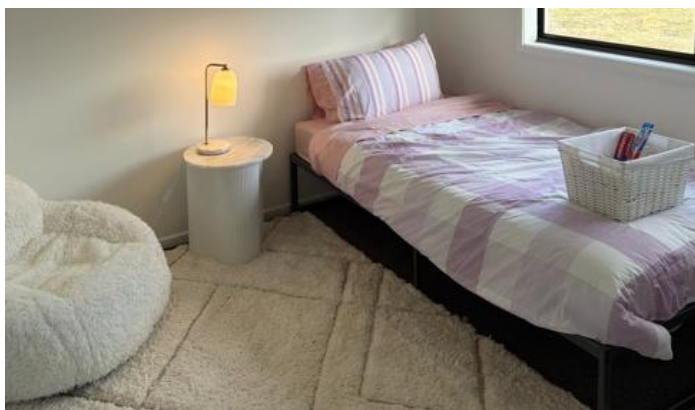

AVAILABLE NOW · ACCEPTING REFERRALS

The same host. A connection that lasts.

We match each participant to a designated worker / host — not simply to an available home. That relationship stays consistent throughout the visit and on repeat stays, with planned rest and any additional support coverage.

If your host is unwell, our first response is to reschedule and preserve the relationship. Substitute hosts are reserved for exceptional circumstances.

A HOME TO STAY. SUPPORT THAT FITS.

Let's find the right match.

For children, young people and adults — shaped around the person.

REAL SUPPORT, YOUR WAY

All support needs are welcomed for assessment. Shared ratios, 1:1 and 2:1 are available. Where two workers are needed, both are consistent members of the participant's support team.

ONE TAILORED STA QUOTE

Accommodation, food, activities, supports and transport — including admissions and pickup/drop-off — are included within reasonable expectations, as agreed in the participant's arrangements and quote.

ROOM TO FEEL AT HOME

A four-bedroom, single-level home with step-free entry, level access and private sleeping space. Support and accessibility modifications are assessed for each participant.

PEOPLE BEHIND THE SUPPORT

Our Family Respite is a registered NDIS provider. Forming Pathways brings residential and out-of-home care experience, personalised care planning and complex behavioural support experience.

A participant in mind? Let's talk.

Discuss participant matching and request a tailored quote.
